

MUSIC PLANS OUT

Emporia Spring Festival Occurs Week in April.

Many Kansas Singers Take Part in Annual Affair.

Emporia, Kan., March 17.—The Emporia Music Festival to be given by the Kansas State Normal during the week beginning April 17 has been made an annual event. The Minneapolis Symphony Orchestra has been secured against this spring. It will give two concerts before an audience of probably two thousand. In the matinee concert the program will include the Eroica Symphony by Beethoven. The Fourth Symphony of Tchaikowsky will be given in the evening concert. Among other numbers of this program, Emporians and their guests will have the privilege of hearing several first class soloists.

Kansas will not hide the talent but will give several numbers of the program. An oratorio, "The Messiah," is to be given by a chorus of two hundred voices accompanied by an orchestra consisting of forty pieces. The chorus of Normal students has been working during the present year under the direction of Mr. Harry Morrison, who is an instructor in voice in the music department of the Normal and director of the Men's Glee club.

Give Comic Opera. "An opera, 'The Mikado,' is to be given by the 'Mikado' in opera in the direction of Professor Frank Beach, who is at the head of the music department at the Normal. This number will be a relaxation from the preceding numbers in that it is comic. The opera is composed of a cast of about sixty Normal students.

Emporia originated the custom of singing old time melodies and from time immemorial the people of the town and community have participated in singing songs with which all were familiar at their spring festivals which were formerly somewhat different from those of the past two years. This event is to be given on the athletic field where the grandstand and bleachers afford accommodations for six thousand people. There is to be in addition to this a recital of folk songs by students in costumes. Some unusual folk songs of Syria have been obtained for the occasion.

The state-wide high school music contest will last two days. Judging by former contests and inquiries being received by the music department a large number of high schools will enter the contest. The contest consists of choruses, glee clubs, orchestras, bands and solo contests in piano and violin. These events are open to any student in Kansas high schools carrying regular work of not less than three subjects with passing grades. "The Highwayman" is to be given by the Emporia Women's Chorus. This chorus is the only permanent singing organization in Emporia outside of the schools. "The Highwayman" is a cantata number for a baritone and women's voices. Mr. Harry Morrison, director of the Normal will sing the baritone solo.

GIVE CARE TO MACHINERY. Workshop Is a Necessity on Every Farm Says Foundry Foreman.

Manhattan, Kan., March 17.—A workshop is needed on every farm according to Edward Grant, foreman of the foundry in the Kansas State Agricultural college. "One source of economy that has been neglected in the past is the upkeep of farm tools and implements," says Mr. Grant. "It is important that the average American farmer will buy an expensive piece of machinery, use it one season, and then leave it exposed to the elements during the winter. When he wants to use it again it has lost from 10 to 50 per cent of its efficiency.

"The only way to overcome this depreciation is to provide proper housing for all tools and implements. This will protect them from the weather when they are not in use. While the question of housing is important, it is equally important that the defective and broken parts be repaired. A workshop is required to make these repairs. It need not be large, but sufficiently roomy to allow for a work bench, a stove and a certain amount of floor space where the machinery or tools may be repaired or taken apart and reassembled."

HOLD Y. W. C. A. CONFERENCE. Topeka Among Cities Represented at Convention in Wichita.

Wichita, Kan., March 17.—Representatives of city and college branches of the Young Women's Christian association were here today for the spring day field conference. The principle speakers at the city sessions will be Mrs. Allan Culver of Denver, Colo., chairman of the city committee of the West Central Field, it was announced. Mrs. Jasper A. Writer, of Denver, will lead the discussions on household employment and Miss Anna Rice, national secretary for religious work, also will make an address, according to the program.

Topeka, Kansas City, Kansas: Kansas City, Mo.; Leavenworth and Montgomery county sent delegations to the meetings. The college conference will be in charge of Mrs. F. J. McConnell, of Denver, chairman of the student committee of the West Central Field, it was announced. Every school in Kansas was expected to send a delegate to this conference.

CONFERENCE IN FULL SWING. Topeka Methodist Pastor Responds to Address of Welcome.

Independence, Kan., March 17.—The ministers of the Kansas conference were given a royal welcome to Independence when addressing a welcome were delivered by Mayor Kerr, S. H. Piper, T. E. Wagstaff, Dr. Floyd Poe and J. L. Havice on behalf of the city. Responses were made by Dr. Benjamin Young, pastor of the First Methodist church in Topeka, and by Bishop W. P. Thirkield for the conference.

After the formal ceremonies the

large audience repaired to the spacious dining room of the church down stairs where an informal reception was held. The bishop, his cabinet, the local pastor and public officials together with their wives formed two receiving lines and the vast crowd filed past and greeted them. It was a very informal ceremony and one that made an auspicious start for the conference sessions.

CHURCH MEN AT HOLTON. Evangelical Association Holds Conference: Topekan Secretary.

Holton, Kan., March 17.—The Kansas conference of the Evangelical Association is in session here. Bishop G. H. Hamilton of Cleveland, Ohio, delivered the principal address Thursday at the opening session, and told of the plans for the coming year.

Officers were chosen as follows: President, the Rev. D. Swart, Holton; vice president, the Rev. G. W. Landis, Burney; and treasurer, the Rev. B. E. Beethoven, Topeka. The Rev. J. K. Young of Topeka was chosen secretary of the association.

ALL BONDS WERE DEFEATED. Garden City Voted Down Purchase of Phone and Light Plants.

Garden City, Kan., March 17.—A special election was held in this city for the purpose of voting bonds for three different propositions, one being for \$24,000 to purchase the Marsh telephone system, another was for \$15,000 for the purpose of purchasing the poles and lines of the Marsh electric light plant, and the third proposition was for \$1,500 bonds for the purpose of building a line to connect the city plant with the sugar company's plant. All the propositions were defeated by a vote of from 2 to 1 to 5 to 1.

ORGANIZE DISTRICT C. E. Several High Officers to Speak at Convention in Hutchinson.

Hutchinson, Kan., March 17.—Members of Christian Endeavor societies from a half dozen counties in this vicinity were here today for the purpose of organizing a district association. William Shaw, of Boston, secretary-treasurer of the United Society of Christian Endeavor, John W. Shell of Kansas City, state field secretary, and Paul Williams, state president, will be the principal speakers at the meetings, it was announced.

WILL APPOINT DELEGATES. Hodgeman County Republicans Vest Committee Chairman With Power.

Jetmore, Kan., March 17.—The county Republican central committee has just held a meeting at which the chairman, E. W. Hadden, was empowered to appoint delegates to the conventions which meet next week. W. S. Kenyon and Dr. H. C. Ewing will represent the county in the state convention at Topeka.

BOY 12 TRIED TO ENLIST. Kansas City Lad Goes to Leavenworth—Would Be Trumpeter.

Leavenworth, Kan., March 17.—The stirring reports of the Villa massacre and full military dreams which just could not be dispelled caused Marshall Jones, twelve-year-old boy of Kansas City, Kan., to leave his home and come to Leavenworth. He went to Fort Leavenworth immediately and offered his services as a trumpeter. His dreams were dashed when he learned he could not enlist. The police here had been asked to assist in the search for the lad but he was turned to Kansas City and he was located there.

BRYAN TO MANHATTAN. Aggies and Citizens Will Hear Former Secretary of State.

Manhattan, Kan., March 17.—William Jennings Bryan will address the students of the college and the people of Manhattan in the college auditorium at 1:30 o'clock Tuesday afternoon, March 21, according to an announcement made at the college today. The subject of Mr. Bryan's address will be, "War and Its Meaning to Us."

C. H. Zimmerman, chairman of the Society Lyceum course received a telegram late yesterday afternoon from Charles F. Homer of the Redpath Lyceum bureau, saying that Mr. Bryan would be in Manhattan next Tuesday and that he would like to have the arrangements made so that he could address the students of the college and the town people.

At 1:30 o'clock Tuesday afternoon, March 21, according to an announcement made at the college today. The subject of Mr. Bryan's address will be, "War and Its Meaning to Us."

What Is Uric Acid? THE CAUSE OF BACKACHE, RHEUMATISM, GRAVEL, AND SUDDEN DEATH.

Ever since the discovery of uric acid in the blood by Scheele, in 1775, and the bad effect it had upon the body, scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its overabundance in the system it causes backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica. It was Dr. Pierce who discovered a new agent, called "Anuric," which will throw out and completely eradicate this uric acid from the system. "Anuric" has proved to be 37 times more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a pamphlet on "Anuric," or send 10 cents for a trial package of "Anuric Tablets."

If you feel that tired, worn-out feeling, backache, neuralgia, or if your sleep is disturbed by too frequent urination, go to your best drug store and ask for Doctor Pierce's Anuric Tablets.

Doctor Pierce's reputation is back of this medicine and you know that his "Golden Medical Discovery" for the blood and his "Favorite Prescription" for the liver of women have had a splendid reputation for the past fifty years.

Doctor Pierce's Pills are unequalled as a Liver Pill. One tiny Sugar-coated Pellet a Dose. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Biliary Attacks, and all derangements of the Liver, Stomach and Bowels.

RAN INTO THE ENGINE

Hoover Car Not on Track When Struck, the Crew Testifies.

The death of Mrs. Shumate and Floyd Hoover, her grandson, was an avoidable accident, according to the verdict of the coroner's jury at the inquest Thursday evening. The engineer and fireman of the train which struck the machine were the only witnesses examined. Only a few minutes were required to reach a decision.

Vice, the engineer, was the first witness. According to his story he did not see the automobile until after it was struck. The first intimation he had that anything was wrong was an "unusual scraping sound."

At the same instant the fireman called to him and he applied the brakes. He examined his engine and then backed the train to the crossing where the bodies were lying. They were placed in the baggage car and brought to Topeka.

Myers, the fireman, testified that he saw the car when it was about fifteen feet from the track. The car, according to his story, struck the pilot beam and was not on the track when the accident happened. He stated that the train was ringing the bell and that the auto ran into the engine from the side. The testimony of the other two witnesses was considered unnecessary and the hearing was continued with the recital of the engine crew.

The good roads boosters have never insisted that the hard surface road be built over the Red Line. That is a matter for the farmers to decide for themselves. The good roads boosters are merely doing their best to put Kansas roads on a par with roads in other states in the matter of hard surface roads.

Teddy Bear Inventor Dead. Philadelphia, Pa., March 17.—Seymour Eaton, author and journalist, who created the "Teddy Bear" toy, died at his home in Landdowns, near here, of apoplexy. He was 57 years old.

To Cure A Cold in One Day. Take LAXATIVE BROMO QUININE Tab. Druggists refund money if it fails to cure. E. W. Grove's signature on each box. See-Ad.

"Willie, you haven't said whether you think 'Cur' for taking you out for a ride." "Yes, mother, I think him, but I didn't tell you, because he said, 'Don't mention it.'"—Boston Transcript.

It will be a long blast. By the time the men arrive there will be seven of the largest motor trucks in Topeka waiting ready to take the battery equipment to the fair grounds. It is declared the men can get all the equipment, including field pieces, loaded on the big trucks in time to get it on the fair grounds within an hour. The battery will drill for five days at the fair grounds and then entrain for Fort Riley.

BATTERY CALL TO ARMS. It Will Be Sounded by the Big Whistle at the Santa Fe Shops.

The big whistle in the Santa Fe yards will summon Battery A to the armory in case work is received by the adjutant general for the battery to prepare for service at the front. Captain John Marshall Hite made this announcement.

25 Years Ago

in Topeka

From the columns of THE STATE JOURNAL

Santa Fe stock is quoted today at 26.

Some of the Sterne-Quinton Republicans of the First ward, thinking that their candidate for councilman, Mr. E. Holcomb, would not stand a ghost of a chance, have today brought out another candidate, Mr. D. J. Hathaway, whom they will offer up on the election altar. Councilman C. D. Meyers has received the support of the business men of the First ward and will receive their support at the election April 7.

Kansas will be represented at the World's fair in Chicago in 1933. That can be put down for a fact regardless of the fact that the legislature did not appropriate a cent for the purpose. The state is too wide awake and progressive to let such an opportunity go by.

The first step and in the right direction was taken by Hon. A. W. Smith, president of the state board of agriculture, who has issued a call for a convention to be held in this city to discuss the question and decide upon the best manner to proceed toward raising funds for an exhibit.

In discarding your flannels follow the well known rule in whitening the suit that is the longest.

If Harrison is going to run for president he would do well to consult Kansas. Kansas has a good mind to try the pivotal state business herself.
